Please attach your answers to the following questions/prompts:

1. The scholarship committee is interested in more than just academic performance. Leadership, volunteer and service experience, development of personal interests, and life background all shape an individual. Please describe your involvement in these other areas to help the scholarship committee get to know you. (250-500 words)
2. Describe your academic experience so far. How did you choose your major? What experiences have been most meaningful or inspiring? Please include information on mentorships, internships, publications, etc. with which you have been involved. (500-1,000 words)
3. Describe a problem or challenge relevant to your field of study. What opportunities exist to solve this problem? How will your education prepare you to effectively address this challenge in a way that benefits individuals or society? (500-1,000 words)
